## CAREER OBJECTIVE

Quality-oriented professional with 15+ years of bar experience, six of which as manager or lead. Today as a developer I am taking my career in a new direction while putting to use the invaluable skills I acquired in the hospitality industry, with the goal to help develop useful ethical technologies.

## SKILLS

- HTML \ CSS \ SCSS \ Bootstrap \ Material UI
- JavaScript, TypeScript, React
- Express, Node, MongoDB, Firebase, AWS
- Figma \ Wireframing
- Knowledge of Responsive Web Design and accessibility best practices
- Self starter, always looking to improve and eager to learn
- Dedicated and flexible team member
- Excellent written and oral communication skills
- Strong organizational and analytical skills
- Creative problem solver, result oriented
- Used to work in Agile teams in multiples timezones
- Languages : French (Mother tongue) | English (Bilingual) | Italian & Spanish (Conversational)

## PROJECTS

### Loving Dog Sitter - Hatchways

Hatchways.io offers coding assessments for companies and developers. As part of this agile work simulation, I worked on building this dog sitting marketplace in TypeScript, React, MongoDB, AWS, Material UI

## EXPERIENCE

*Full Stack Developer (Internship)*

### CONCEPT.APP

Concept is a social platform for human flourishing built in JavaScript, React and Firebase. My role there as a member of the startup's founding dev team was distributed across the stack, with a Front-End focus to build foundational features like a forum page and our onboarding slides.

January 2021 - July 2021
